1. INTRODUCTION

Gromio Limited ("Gromio Invest") is a non-banking financial powerhouse in the Republic of Malta with offices in key regional financial markets, offering a comprehensive range of investment products and services covering asset management, investment banking, stock exchange/crypto currency and brokerage. Gromio Limited currently operates as an independently investment management company.

Gromio Limited has molded an all-around client-driven experience that focuses on the latest value adding market insights and customizing our broad range of investment opportunities to meet the diverse needs of high net worth and institutional clients. Putting clients at the heart of the experience, Gromio Invest implements an ethical, empathetically and proactive approach to building long lasting relationships while actively managing, monitoring and reporting on portfolios to reassess each client's needs in accordance with their set investment objectives.

OUR TRADING/BUSINESS FOCUS

Gromio Limited focuses on many profitable businesses purposely for the increment of our daily sharing profit from us, down to our investors. As a financial management company, we understand the risk of investment and we are very conscious of the fact that business is a risk as within the standard fact that the world economy always moves in a waveform i.e. what is profitable today might be a disaster tomorrow. We venture into the following under-listed trading as a financial management and wealth creation:

1. Importation of Shrimps & Prawns from Asia to Europe
2. Currency Exchange Trading (Digital & Paper Currency)
3. Importation of Pharmaceutical Products, Chemical Products, Computer, Electronics and Optical Products

All our business ventures are categories into a department which form our day to day company work activities. Competent staff with knowledge of trading in all our business ventures working in the entire department. As well also know, any Financial Management Company that intends to meet her investor's target must be ready to ventures into selected profitable businesses. Our ROI might not be so interesting to people, but our half bread is better than knowledge and we are factual in our dealings.

2. OUR VALUES

Integrity

High Moral Character - Consistency of Commitment

At **Gromio Limited**, integrity is key to the way we do business. Our integrity and independence enable us to deliver financial products and services with your best interests in mind. We view our relationship with you as a partnership to build your long-term financial security. Working together, we can put your lifestyle and financial goals within reach. Retirement. Vacation home. College funding. Business expansion. Whatever goals you have in mind, **Gromio Limited** will focus on the details so you can enjoy the rewards.

Performance

Achieving Goals for Clients

We believe performance is more than your return on investment; it is making sure you are meeting your lifestyle goals along the way. That is why our financial planning process starts by getting to know you personally. We will identify your values, concerns, and goals to carefully construct a personalized financial plan that performs for you while minimizing risk and increasing financial security. This helps us make recommendations you are comfortable with and helps prepare you financially for upcoming life events.

To keep our partnership strong, we may update you through a few different methods, such as seminars, newsletters, and annual reviews. This two-way communication ensures that you understand how your assets are being managed and inform us about changes in your life so we can make adjustments to your plan as needed.

Innovation

Philosophy - Execution

We use the latest technology to enhance the personalized service you receive, not to replace it. Our innovative tools help us provide comprehensive trading services, compare mutual funds, and deliver customized financial plans. But, technology is not the only innovative tool we use. Our team looks at things differently, too; taking into consideration the lifestyle you have now and looking into the future to help you visualize your goals. We then apply our exclusive Strategic Lifestyle & Wealth Management™ philosophy to your situation.

Thank you for choosing **Gromio Limited**. We look forward to working with you!

Our Philosophy: Honor God in All That We Do

- Create an atmosphere where decisions are harmonized with a client's objectives and goals.
- Promote a Culture of Excellence
- Provide a high level of support to the advisor.
- Build Successful Partnerships
- Encourage the sharing of ideas and talents for the good of all.

3. OUR MISSION & METHOD

Vision Statement

To be the preferred investment service provider to the clients we serve.

Mission Statement

We provide investment/financial products and services to meet the needs of our clients and deliver superior returns.

In doing so, the aspirations of our employees for growth and development are realized, and enhanced value achieved for all our stakeholders.

Core Values

Independence: Freedom from the influence and special interests allow us to offer our clients honest and unbiased perspectives.

With no affiliations to any key financial institutions, banks, or insurance companies, Gromio is able to make the best decisions for our investors. We scour the markets for the best available opportunities and present them directly to our clients, who subsequently reap the rewards.

Integrity: We believe in doing what is right and standing by it.

As a financial institution, we strive to be honest and disciplined in all that we do. We also expect that our employees maintain the highest ethical standards in their ongoing activities. We understand the importance of keeping our clients' information strictly confidential and as a result, we have implemented stringent procedures and put a number of measures in place to ensure that no breaches occur.

Innovation: We relentlessly pursue new and better ways to add value to those whom we serve.

At Gromio, we consider innovation our key to success. Throughout the years, Gromio has consistently added new products and services to our financial suite. We are continuously keeping abreast of market movements and searching for the best opportunities in local, regional, and international markets, which aids in making superior investment decisions for you.

Investor Education: We strive to help our clients make the best and most informed investment choices.

Our highly skilled Investment Analysts conduct research on a day-to-day basis and collaborate on ideas and advice from globally recognized financial institutions. Gromio shares this information regularly with potential and existing investors using a variety of communication channels.

4. OUR INVESTMENT

WHY CHOOSE GROMIO WEALTH AND PORTFOLIO MANAGEMENT?

This product is geared toward individual investors who have challenges in setting up their portfolio, which is, choosing the right assets to achieve the desired objective.

The correct mix is achieved only through careful selection based on accurate information and constant monitoring of the markets- a time-consuming task for many potential investors who may not have the investment know-how or time to commit this most important aspect.

When managing your own portfolio, you must also contend with challenging decisions on which assets to purchase or dispose of when purchasing or dispose of and how much to purchase or dispose of in order to have the right mix to achieve your objectives.

At Gromio, we take these burdens off your shoulder. We offer you a very PERSONALIZED service- a one-on-one Client/ Investment Services Adviser relationship. We have a readymade portfolio that is tailored to your specifications, molded by your changing needs, and suitable for your investment goals.

Creating your Investment

Our Investment Plan service is carried out in 3 stages:

1. **First Stage:** The investment is for individual Investors or Groups that wish to invest in *the Importation of Shrimps & Prawns from Asia to Europe* Investment Plan and the plan comes in 3 stages. You
2. **Second Stage:** We have an investment trading for *Currency Exchange Trading (Digital & Paper Currency)* which is applicable for both the individual investor and group of investors.
3. **Third Stage:** The last investment plan is for individual investor or group that wishes to invest in **Chemical Products Trading and Agricultural Production Trading...**

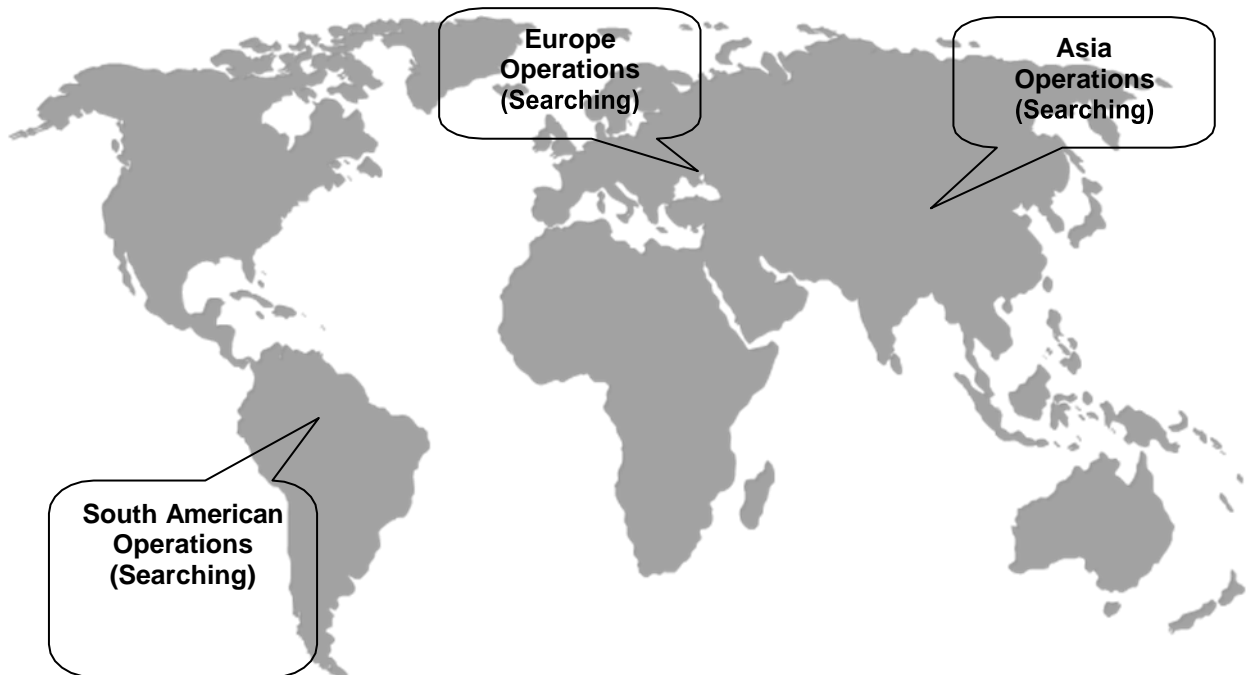

Note: Every investment Stage and Plans comes with different **ROI** periods and calculations, we advise you to choose your investment plan in line with your justification.
